**MicroFrance® ENT Instrumentation**

**INDICATIONS**

- All the medical devices showed in this catalogue have indications for diagnosis and/or ENT surgery.
- Sizes are not contractual and are given for information purposes only.

**CONTRAINDICATIONS**

- Do not use in indications other than the indications mentioned in the DFU or Labeling.

**How to read the catalogue**

The diagram illustrates the layout of a catalogue page for ENT instrumentation. It features a green header with the text 'Diagnosis' and the 'INTEGRA' logo. Below the header, there are five circular icons representing different instrument types: 'Marquet', 'Legent', and three others. Below these icons are five full-length images of the instruments. At the bottom, there is an 'Explanatory table' with the following data:

Blunt hook 90°		Blunt hook 45°		Cotton carrier twist end	Angled probe caustic holder
MCO805	MCO805A	MCO807	MCO807	7719-2	7731
2mm	2,5mm	0,8mm	1mm	120mm	120mm
				Ø 1,2mm	working length 80mm

Labels in the diagram point to: 'Title and/or product family' (the header), 'Detail view of the instrument' (the circular icons), 'Instrument to a 1/1 scale except mentioned otherwise' (the full-length images), and 'Explanatory table see below' (the table at the bottom).

Availability of these products might vary from a given country or region to another, as a result of specific local regulatory approval or clearance requirements for sale in such country or region.

- Consult product labels and inserts for any indications, contraindications, hazards, warnings, precautions, and instructions for use.
- Non contractual document. The manufacturer reserves the right, without prior notice, to modify the products in order to improve their quality.
- Warning: Applicable laws restrict these products to sale by or on the order of a physician.

#### Additional information for EMEA Customers only :

Products mentioned in this document are CE class I, Im, IIa or IIb devices. Contact Integra should you need any additional information on devices classification.  
All the medical devices mentioned on this document are CE marked in accordance with the applicable European laws, unless specifically identified as "NOT CE MARKED".  
Products marked with the symbol<sup>(®)</sup> are distributed by Integra MicroFrance SAS (France).

Date of last révision : 04/2023
